1.0 – QUESTIONS AND ANSWERS

The following questions and answers are provided as a matter of information to clarify issues raised about the Bid Documents.

Item	Questions and Answers
1.1	<p>Q. I am writing to request clarification regarding the quantity specified in Item C.7 of the Summary. The current documentation lists "4,200 SY," but we need to confirm whether this should be interpreted as 4,200 square yards or 4,200 square feet, as this difference would significantly impact our bid calculations. Given that this measurement will determine the scope of new paving sections, obtaining the correct unit of measurement is crucial for providing accurate pricing. The information listed in the RFB differs from that of the site visit measurement of 4774 Sq Ft that was mentioned. Could you please confirm the intended unit of measurement at your earliest convenience??</p> <p>A. The new area would be approximately 4200 square feet. Please note this is an approximate measurement and actual field measurements should be completed by the bidder prior to submission.</p>
